JASLINA KAUR KOCHHAR

Personal: jaslina.kaur@gmail.com   School: jkkochha@ucsd.edu   Cell: (206) 946-2176

Self-driven, organized and passionate Computer Science student with excellent problem-solving skills, strong attention to detail, and extraordinary communication skills. Looking for a challenging internship in the Summer of 2021.

EDUCATION AND ACTIVITIES

University of California at San Diego, School of Engineering, San Diego, CA
B.S. in Computer Science (plan to graduate June 2023); GPA: 3.94

Olympia High School, Olympia WA
Graduated June 2019; GPA: 3.96, Honor Roll, Top 10% in Washington State, Kurtz & Blum Scholarship Essay Contest, Burger King Scholarship

Clubs/Activities: Women in Computing (WIC), Society of Women Engineers (SWE), Sikh Student Association (SSA), and CS Foreach Club.

SKILLS

- Programing languages: Java, Python, C, C++, ARM Assembly, PHP, HTML/CSS/Javascript

- Multilingual – can speak/read/write in Punjabi and understand Hindi and some Spanish.

- Public Speaking - Earned 1st Place in an International Speech Competition. Can communicate my perspectives and ideas in an engaging manner.

EXPERIENCE

CSE 21 Tutor, UCSD, San Diego, CA (October 2020 – Current)

- Tutor students on topics relating to Discrete Math. This involves talking to students, understanding their issues, and trying to help them better understand where they are going wrong in their thinking. Also includes lots of one-on-one communication with students, grading of work, and critical thinking about different ways of understanding a topic.

QA Intern, Twistle Inc, Seattle, WA (July – September 2020)

- Worked with and tested Twistle's web application through both the Provider and Patient portals. Flagged any issues/bugs/concerns found for the Engineering Team to fix.

- Helped create testing documents to help future testers have a checklist of topics to test in the application.

Medical Assistant (MA), Podiatry Associates, Olympia, WA (June – September 2020)

- Worked in a Podiatrist's office: checking in and scheduling patient appointments at the front desk, seating patients in rooms and taking vitals, assisting Doctor with instruments, helping with any technical problems that might occur.

Anti-Defamation League (ADL) Intern, Seattle, WA (June 2020 - Current)

- Work with the Pacific Northwest Team on projects around hate incidents, voting, the census, and education of teachers and students about racial awareness and reducing prejudice. This includes creating flyers, infographics, summarizing documents, researching, and much more.

- Designed ADL Branded Voting Postcards to be sent to citizens nationally, reminding them to vote in the upcoming election.

Software Intern, Pixatel Systems, Olympia, WA (June – August 2017)

- Created CSS stylesheets for rendering the screens for a Mobile application used for the company's education platform. Learned to use HTML, CSS, Bootstrap, and JavaScript.

Volunteer, Khalsa Gurmat Center, Federal Way, WA (2014 – Current)

- Designed and developed a student information system for the non-profit organization using HTML, CSS, Bootstrap, PHP & MySQL. I currently manage and support the site.

- Managed all backstage coordination for the Annual Gala held in 2018. This meant managing the screen displays, creating content that was projected for the event, working with the MC and the speakers, and managing the light and sound with the technicians.

- Demonstrated passion while working with kids - organizing workshops, and teaching history and music. Built caring relationships with the parents and students. Showed a strong work ethic and presentation skills.
